

BLANCA MADORRÁN COCA

I'm a Web, Mobile and Graphic Designer focused on UX and UI. During my studies I have been part of several startups outside the classroom as a Graphic Designer and Frontend Developer, working in multidisciplinary teams.

WORK EXPERIENCE

iGEM / Web Designer and Developer

May 2018 - December 2018

Extracurricular project for an international biology competition working together with a group of interdisciplinary students. We won the best undergraduate project prize, best software, best website and three more prizes.

- Design and development of the Web App of our project, focusing on the usability and the user experience.
- Lead designer and developer of the team's web page.
- Research, user interviews, prototyping, design, programming, testing, data collection, agile methodologies, teamwork.

Informance / Front-end developer

March 2018 - June 2018

University internship in a software company.

- Development and management of small software projects using Java, jQuery, SQL, JavaScript, HTML and CSS.
- Defining the workflows and the user journeys.
- Meetings with the stakeholders and requirements definition.

Tutorio / CDO

June 2016 - December 2017

Startup incubated at Demium Startups Valencia. App that allowed students to find the most suitable study partners and businesses.

- Helped with the iOS and Android App visual design and user interface, developed and designed the website.
- Mockups, posters, flyers and newsletters design.
